

Literaturverzeichnis zu:
Saremi, B.

Histidinbedarf von Masthähnchen für die Proteinsynthese und darüber hinaus

List of Literature of:
Saremi, B.

Histidine requirements of broilers for protein synthesis and beyond

In  **11-12/2020, S. 38ff**

Abe, H. 2000. Role of histidine-related compounds as intracellular proton buffering constituents in vertebrate muscle. *Biochemistry*. 65: 757-765.

Aldini, G., Facino, R.F., Beretta, G. and M. Carini. 2005. Carnosine and related dipeptides as quenchers of reactive carbonyl species: from structural studies to therapeutic perspectives. *Biofactors*. 24:77-87.

Berdanier, C.D. 1998. Advanced nutrition micronutrients. CRS Press, Boca Raton.

Biffo, S., Grillo, M. and F.L. Margolis. 1990. Cellular localization of carnosine-like and anserine-like immunoreactivities in rodent and avian central nerves system. *Neuroscience*. 35: 637-651.

D'mello, J.P.F. 2003. Amino acids in animal nutrition. 2 ed. CABI Publishing, Edinburgh. pp. 187-202.

Dean, W.F., and H.M. Scott. 1965. The development of an amino acid reference diet for te early growth of chicks. *Poult. Sci.* 44:803-808.
